- 08:30 - 09:00 Registration
- 09:00 - 11:00 **Plenary session** (keynotes and moderated panel discussion)
- 11:00 - 11:30 Coffee Break
- 11:30 - 14:00 **Brokerage event** (face2face meetings)

WHAT DO WE OFFER:

- information on EU funding in research and innovation and regional/national support
- learning from experience of organisations participating in the EU-funded research,
- exchange the ideas of the projects in RTD and technology transfer with relevant parties,
- meetings with potential partners and building up the network of contacts for future collaboration in the field of micro-nano technologies,
- discussion with relevant representatives from research and innovation area.

ORGANISERS:

- **BIC Bratislava** - Business & Innovation Centre
- **Faculty of Electrical Engineering and Information Technology**, Slovak University of Technology in Bratislava
- **SARIO** - Slovak Investment and Trade Development Agency
- **FFG** - Austrian Research Promotion Agency

SUPPORT PROJECTS:

- **Enterprise Europe Network** (Business Support at Your Doorstep)
- **Idealist7FP** (Global Partner Search and Support Network for your ICT Projects)
- **MINOS-EURONET** (Micro-nanosystems European Network Pursuing the Integration of NMS and ACC in ERA)
- **REACT** (Regional Empowerment in Actions and Concepts for Policy Development and Technology Transfer)

EVENT IS CO-FUNDED BY:

- **FP6** - Sixth EU RTD Framework Programme
- **CIP** - Competitiveness and Innovation Framework Programme

BROKERAGE EVENT FACE2FACE MEETINGS

11:30 - 14:00

The participants will meet their potential partners for the research and technology development and/or technology transfer projects and realise the preliminary contacts for future collaborations and consultations with the experts in particular fields.

The bilateral meetings will be pre-arranged in advance upon the information in the registration forms. Please note that there is a separate registration for the brokerage event provided by the European IRC Network. After registration of the participant please register the profile of your technology offer, request or partner search.

PROGRAM:

- **Introduction**
 - Presentation of the EU support initiative for business, innovation and research - Enterprise Europe Network
 - Organisational information for the face2face meetings
- **Face2face Meetings**
 - Pre-planned bilateral meetings of potential partners (15 min per meeting)

WHAT DO WE SUPPORT:

- **Co-operation in research and technology development** mainly through the Seventh Framework Programme (FP7) for research, technology development and demonstration activities - the EU's main instrument for funding research in Europe in 2007-2013. ICTs play a crucial role in boosting innovation, creativity and competitiveness of all industry and service sectors. The ICT theme is funded with budget of €9.1 billion over next 7 years.
- **Technology transfer** represents one of the main priorities of EU in sustainable development of European economy and the form of technological co-operation based on the transfer of already developed technologies to user organisation (industry, administration, health-care, etc.). Technology transfer may be implemented in various levels of co-operation between partners: information exchange, manufacturing and/or marketing agreement, license agreement, and joint venture.
